Impact People's Lives.

Count on us.

HERITAGE C.A.R.E.S.

Comprehensive **A**ddiction **R**ecovery
Education & **S**upport Program

HeritageHealthSolutions.com/Addiction-Support

Heritage C.A.R.E.S. is a confidential and evidence-based support program for people negatively affected by addiction. We focus on harm reduction and behavioral modification. While we believe in abstinence, many times, it deters people from taking the first step. Our goal is to move the user toward recovery by providing 24/7 access to education and support through our program.

youturn

Our innovative learning management platform has the most extensive library of video content in the United States that educates users and their families on substance misuse and abuse. This platform is designed with award-winning clinical principles, having served over 40,000 individuals since 2015.

Care Management Platform

It helps assess the user's situation, then designs a plan that best achieves recovery goals.

Peer Coaching

Allows users to engage with Assertive Community Engagement (A.C.E.) coaches to reach planned recovery goals.
